[By Associated Press.]

Paris, April 23.—(Official.)—The Germans yesterday used large quantities of asphyxiating bombs north of Ypres, thereby forcing the French to retire toward the Yser.

The effect of these bombs can be felt for a distance of a mile and a half.

Near St. Mithiel the French captured over a quarter of a mile of trenches and one hundred prisoners.

#### DESOLATION IN POLAND.

[By Associated Press.]  
Berlin, April 23.—Thousands of Polish peasants are living in holes in the ground due to the terrible destruction wrought by the Russians in the Russian territory on the retreat from the German border.

The Russians' purpose apparently was to hamper the German advance.

#### British Trawler Torpedoed.

[By Associated Press.]  
Grimsby, England, April 23.—The trawler St. Lawrence was torpedoed and sunk in the North Sea yesterday by a German submarine. Two of the crew were killed. Others were rescued by the trawler Queenstown, which reports the submarine shelled it while it was trying to rescue the survivors of the St. Lawrence.

#### Dardanelles Bombardment Resumed.

[By Associated Press.]  
Paris, April 23.—Four British warships, entering the Dardanelles yesterday, bombarded the forts for three hours. The allies' big guns at the same time shelled the forts from the Gulf of Saros. It is reported the bombardment of Smyrna was resumed.

#### Russian Aeroplane Does Damage.

[By Associated Press.]  
London, April 23.—A Russian aeroplane yesterday dropped fifteen bombs on Ploek, hitting several German boats on the Vistula and the railroad station and a train. Another aeroplane did considerable damage to German trenches near Mlaw.

#### Russians Bombard Turkish Coast.

[By Associated Press.]  
Petrograd, April 23.—The Russian Black Sea torpedo squadron bombarded a fifteen-mile strip of Turkish coast Monday near Archava, doing much damage.

#### German Fleet Cruising.

[By Associated Press.]

### REDFIELD REPORTS HEAVY EXPORTS

Will Reach Two and Three-Quarter Billion Dollars for Fiscal Year.

[By Associated Press.]  
Washington, April 23.—Secretary of Commerce Redfield announced today that American exports for the present fiscal year will probably total \$2,500,000,000. The United States last month exported \$53,000,000 in broad-stuffs against \$3,000,000 the previous March.

#### PALESTINE HOTEL BANKRUPT.

Petition Filed by Proprietor and Meeting Called.

Palestine, Tex., April 23.—The Palestine Hotel, R. A. Johnson, proprietor, has filed a petition in bankruptcy and a meeting of the creditors will be held in Tyler April 30. The hotel is a four-story one, located opposite the depot, and was recently fitted up at a large expense.

The store room of the Wichita Mill and Elevator Company was entered by thieves and some flour taken.

Superintendent J. L. Hurd of the International & Great Northern, accompanied by other officials, left Wednesday on a work train for the Mineola branch of the road, where severe rains have washed out track and culverts and bridges. The damage will be repaired today and train service again resumed.

One of the oldest landmarks in the city is being torn away, the building

### IRELAND FURNISHED BUT FEW TROOPS

Recruiting Has Barely Touched That Country and Farmers Are Profiting by War.

Dublin, April 23.—(Correspondence of the Associated Press.)—The total number of recruits from the three Southern Provinces of Ireland have up to the end of March amounted to only 20,000 men, and of these nearly half come from Dublin, Cork and the other large towns. Recruiting has scarcely touched the agricultural districts. The farmers admit frankly they are making large profits out of the war, and they and their sons do not enlist. In the cities the recruits are drawn mostly from the laboring class. It is said that a spurious notion of social prestige prevents the shop salesmen from going into the ranks.

### RUSSIA TREATS WAR PRISONERS KINDLY

Large Number Reaching Petrograd Treated as Tourists and Shown Over City.

Petrograd, April 23.—(Correspondence of the Associated Press.)—There is no evidence of hostility to prisoners of war in Petrograd. Hundreds of prisoners pass through the capital daily on the way to their places of confinement in remote sections of the Empire.

A novel sight recently was a party of 1,500 Austrians from Przemyel, who were allowed to walk around the city as tourists, being shown the principal streets and buildings. Their bearing, especially that of the officers, was cheerful. After a day spent in sight-seeing, conducted by their guards, they left for the interior.

### ENGLISHMEN BUY GERMAN WAR BONDS

Was Not of Their Own Doing. However, and Against Their Wills.

Amsterdam, April 23.—(Correspondence of the Associated Press.)—A number of prominent Englishmen, including Sir Edward Goschen, former British Ambassador to Berlin, have unwittingly become purchasers of some of the latest German war loan bonds.

The men in question were members of the Berlin Golf Club, which just before the war raised by subscription among its members a cash fund of about \$55,000, for constructing and equipping a splendid new course near Potsdam. Pending the beginning of operations, the fund was on deposit with the Dresdener Bank of Berlin when war was declared. The money was sequestered and now has been invested by order of its trustees in German war loan securities.

Sir Edward Goschen was honorary president of the club. Many of its English members are now in the civil internment camp at Ruhleben.
